Calvin W. Price, Editor THURSDAY MARCH 7 1907

As for the Legislature, it does not stop Tuesday night after fifty-six days in the eleven days of the special session...

The appropriation bill was passed, and provides for the disbursement of \$3,323,000 of the people's money for the years 1907-8.

The people of West Virginia owe a debt of gratitude to the lobby that infests the West Virginia legislature.

The lobbyist with a critical eye and we have examined his complexion through the sights of "Scotch High Ball."

Heaven to Betsy! (since the Highland Recorder allows us the use of no stronger language.)

What rangles most is having our sex referred to as "culls."

We live by lumber and when my guardian angel is not by I often get uplifted.

But it is nevertheless true that there is a demand for these culls.

I have nothing to reply concerning men parting their hair in the middle.

And now sister, goodbye. I do not know who you are.

Never shall the lobbyist be other than an leucisite until his fine Italian band shall have raised the veil of justice.

THE WOMAN SUFFRAGE

Mr. Editor: In reply to the article in your valuable paper of February 21st, written by "A woman who don't care to vote,"

I can remember meeting some few of the sisters who disapproved of men as a whole and who naturally abhorred the thought of a man.

Of course, they did not want to vote, nor did they want a voter.

The sister says: "The majority of men are 2x's and culls at that!"

The good sister objects to voting, whiskey, tobacco and men.

On the contrary a woman has a sphere which combines the duties of mother, nurse, washerwoman, cook, seamstress, milkmaid and janitress.

The kitchen of Hotel Marlinton was discovered on file Sunday evening.

Mrs. Emma Weisel Waugh.

This estimable woman, the wife of Isaac Waugh, quietly passed from beneath the burdens and toils of this life to rest in the home beyond.

On Saturday Mrs. Waugh's remains were brought to the Waugh graveyard on Indian Draft.

No more fitting tribute to a life can be paid than the thought that all have suffered a loss.

Among the friends and relatives from a distance attending the funeral were C. B. and David Weisel, from Staunton.

It's A Good Rule

To use fine material if you expect to get fine results. Ordinary flour cannot make the best of bread, any more than "chicken-feed" wheat can make good flour.

We take the plumpest, ripest golden winter wheat and convert it by our special modern processes into

Dewey's Best Flour Dewey's Best makes bread that is light, white, palatable and nutritious.
